Note:

[1] Additional models and sub-models are available but not listed. Please feel free to contact us for further information.

[2] Click [HERE](#) for detailed information on how models using different transmission methods operate.

[3] [Yearly Full Data Service Fee](#) includes Data Subscription, Data Platform Functions, Cloud Service and Additional Data Subscription for one year. For Argos models, Argos transmission fee is not included. Please contact [Cubic-I](#) for more info on Argos service.

[4] All models are certified for use in Japan (e.g., Giteki). If you require a copy of the certification, please let us know.

[5] We would appreciate it if a report on the research program could be presented at a future OSJ annual meeting.
